Tuition for BlueDragon™ Workshops

DLE offers workshops that are tailored to fit our client's needs. Tuition for our workshops is as follows.

PRICES ARE EFFECTIVE 2/1/2018		
Workshop ID	BlueDragon Workshops	Tuition*
BD-101	Instructor-led, ½ day workshops designed for managers and above. The workshop covers management's role in overseeing and approving root causes and investigations. They are introduced to BlueDragon tools and techniques and the many benefits of using BlueDragon. A sample case study is performed to practice using the BlueDragon Complex Problem Solving Engine.	\$650
BD-102	Instructor-led, 1-day workshops designed for oversight personnel. The workshop covers management and oversight personnel's role in overseeing and approving root causes and investigations. They are introduced to BlueDragon tools and techniques and the many benefits of using BlueDragon. Case Studies are performed to practice using the BlueDragon Complex Problem Solving Engine.	\$1000
BD-201	Instructor-led, 2-day workshop on root cause and safety/accident investigation fundamentals designed for college students and occasional investigation team participants. Case studies allow attendees to develop proficiency in using BlueDragon tools and techniques and the BlueDragon Complex Problem Solving Engine. The fee includes a PMI certified instructor with an assistant and a Student Handbook.	\$1300
BD-301	Instructor-led, enhanced 3-day workshops designed for oversight personnel, root cause practitioners, facilitators and team leaders for root cause and safety/accident investigations. Case studies allow attendees to develop proficiency in using BlueDragon tools and techniques and the BlueDragon Complex Problem Solving Engine. The fee includes a PMI certified instructor with an assistant and a Student Handbook.	\$1750
BD-401	Instructor-led, enhanced 1-day workshops designed for root cause and safety/accident investigation power users, facilitators and team leaders. The workshop covers additional (more sophisticated) tools and techniques not covered under BD-301. The fee includes a PMI certified instructor with an assistant and a Student Handbook. Must have attended BD-301 as a prerequisite.	Contact us
DLE offers an option for clients to host a BlueDragon Workshop at or near their place of business. This option is open to clients that have a minimum of ten participants, and allows the clients to save on the costs associated with sending their personnel to a workshop. DLE offers a discount on the tuition for clients that host a workshop.		Contact us
